

## **Release note for Server Imaging Utility December 2018**

### **Notes:**

The BlackTrax folder has been replaced with the BlackTrax Portfolio folder for sharing and project saving.

### **Included BlackTrax Release:**

v2.3.4

### **Dongle Date Requirement:**

January 4<sup>th</sup>, 2018

### **Major changes:**

- Support for v2.3.4

### **Known issues:**

- Motive may freeze the first time it's launched

### **Features and Fixes:**

#### ***Improvement***

- *Support in Server Manager for the BlackTrax Portfolio folder to be used for backup and archiving instead of BlackTrax folder (which is now removed)*
- *BlackTrax Portfolio folder is shared for the main or backup server to access it via Windows Explorer*
